

Edits to the Quality of Occupational Performance Administration Manual

Date	Page	Edits
6 May, 2026	134	Revise Age (years) : 30–39 and 40–69
29 May, 2026	101	Times response, third bullet, revise to read: delays responding to the social partner’s message or request Takes turns, insert new <u>second</u> bullet that reads: takes turn before the social partner when it would be more socially appropriate to allow the other person to go first (e.g., entering a doorway, taking a seat, serving food)
18 July, 2026	29	Revise the end of the last bullet that reads “there may be one or two ratings of Ma ” to read: while ratings of Ma are uncommon, there may be up to two ratings of Ma.
	88	Flows , insert new bullet that reads: has stiff, nonfluid wrist and finger movements when writing
	90	Uses, first bullet, replace “uses a pencil sharpener to sharpen a crayon” with: uses a spoon or a pencil as a toy, uses a glue stick as a crayon Uses, second bullet, after “jelly jar”, insert new example that reads: puts pencil in the mouth Handles, add new bullet that reads: holds paper too far from where cutting
	94	Notices/Responds , insert new <u>sixth</u> bullet just before the last bullet that reads: delays to notice/respond when scissors are not aligned with the paper or when not cutting along the lines of the shape on the page
